ANTI-RACING IN THE SOUTH.

The Locke Bill Passed by the Louisiana Assembly.

Baton Rouge, La., June 12.—The Locke anti-racing bill was passed in the Assembly Wednesday by a vote of 87 to 20. It will go to the Senate, where a hard fight against its passage is expected. Should the measure pass the upper house and get the governor's signature it will put an end to racing, which has been one of the features of the winter season in New Orleans for nearly a hundred years.

Charges were brought on the floor of the Assembly Wednesday that a fund of \$50,000 had been raised by the race-track interests and would be spent in opposing the bill. The governor has ordered that both houses appoint commissions to investigate whether this fund or any similar fund is being improperly used. A special session of the grand jury has also been ordered for the same purpose.

The car was running slowly when the front wheels struck the explosive. The car was lifted, throwing the passengers in a panic-stricken heap on the floor. Fr. Gilday was thrown against the side of the car and seriously hurt. Judge Murphy sustained a number of deep cuts and bruises. The car was nearly wrecked.

Two other sticks of dynamite were found further on. An investigation was started.

PORK TOWN TEAM STOPS

Boston Was the Stumbling Block to Cincinnati

BY BOULTES' PITCHING

Campbell Was Hit Hard by the Doves

—The Boston Red Sox Were Shut Out by Cleveland Through Morgan's Wildness.

Boston, June 12.—The Boston Doves were all to the good in yesterday's game with the Cincinnati comers and scored an easy victory by the score of 5 to 1. Boultes pitched nice ball for the home team, allowing but five hits, passing none and striking out four men. Campbell was not much of a problem for the Doves, ten hits being secured, four being bunched in the seventh in a manner disheartening to Cincinnati's pennant aspirations.

The seventh opened with Dahlen's single. Hannifan, who played third and base like a fiend all day, getting three hits in four times up, followed suit with another. Ritey's hit brought both runners in. Graham sacrificed and Boultes went out. Lobert to Ganzel. Beaumont came up with a single and Ritey scored. Browne was third out via Luggins.

Ganzel started the eighth badly by mauling Morgan's fly and Manager Kelley walked through the kindness of Mr. Campbell. Dahlen sent them along with a sacrifice and Morgan scored on Hannifan's single. On Ritey's slam to Lobert Kelley scored. Graham flied out, Boultes walked and Beaumont rapped to Luggins and was out.

Cincinnati got its only tally in the ninth on a fumble by Dahlen of Lobert's rap. Beaumont's muff of Ganzel's fly and McLean's out, Morgan to Boultes. Mitchell and Brain were the other two out, the former striking out and the latter on a fly to Beaumont. The score:

MORGAN'S WILDNESS

Started Downfall of Boston Team, and Cleveland Won in Ninth, 2 to 0.

Cleveland, June 12.—Cy Morgan's wildness in the ninth inning yesterday started his downfall as his pass to N. Clarke and his hitting of Hinchman passed followed by Hinchman's double, one of four hits made off Cy during the whole game, and two runs came in, the only runs of the game. Boston touched up Clark for six hits and the team behind the Cleveland pitcher made four errors; yet the visitors couldn't get a man across the plate. The score:

FINE GAME PLAYED

BY ITALIAN A. C.

Defeated Montpelier Seminary on Lat-ter's Ground Yesterday Afternoon

by the Score of 10 to 7.

The Italian Athletic club team of this city won its game from Montpelier seminary yesterday afternoon by out-playing the seminary at every stage of the game, the final score being 10 to 7. Scampini was in the box for the Italians and although he allowed nine passes, succeeded in fanning 12 men and was touched off only four hits. Joe Connolly was in his old position behind the bat for the Italians for the first time last season.

Thomas was on the firing line for the seminary during the earlier part of the game, but was not quite up to his usual form and the Italians did not have much trouble in meeting his delivery. Thomas struck out three men and allowed only one pass. Fairchild went into the box in his place in the fifth inning and allowed but one pass and had one strike-out to his credit, but was touched quite freely by the Italian hitters.

The seminary team started off by registering two runs in the first inning and maintained the lead until the last of the sixth, when the score was five to three in its favor. In the seventh the Italians batted some long rainbows into the field, and a series of errors and wild throws, combined with hits, gave them a total of six runs in the inning, bringing their total up to nine.

The seminary team had nothing com-

SIX MONTHS' HARD

LABOR FOR A SHEER.

Private Adams Turned in Ranks and Gazed at His Lieutenant.

New York, June 12.—Found guilty by a general court martial of having "turned in the ranks and looked in a sneering manner at First Lieutenant E. P. Glassburn," Frank W. Adams, a private in 139th company, Coast Artillery corps, United States army, has been sentenced to six months at hard labor and to forfeit \$10 during each of these months. The findings of the court martial, which was held at Fort Du Pont, Del., became public yesterday.

Before Adams looked in a sneering manner at Lieut. Glassburn the lieutenant had ordered him to depress the butt of his rifle. This, the evidence showed, Adams had neglected to do. Adams seems to have had considerable trouble with his rifle. He was charged with having disobeyed a command issued by his company commander, First Lieutenant J. M. Fulton, who ordered him not to move the butt of his rifle to the front.

Many orders have come by mail at this popular price, for it is very unusual to be able to buy sixty doses of a standard medicine for half price.

Every bottle of the specific sold by Mr. Davis has had his personal guarantee to return the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few days' use and the cure is soon complete and lasting.

THE PLATFORM IN CHICAGO

Tentative Draft in Keeping of Wade H. Ellis

LIVE ISSUES PRESENTED

Some Interesting Side Issues to Chicago's Coming Convention—George Ade

Is Still Strong for Fair-banks.

Chicago, June 12.—Attorney-General Wade H. Ellis of Ohio arrived here yesterday, bringing with him a rough draft of the tentative platform to be adopted by the national convention.

"I cannot, for obvious reasons, disclose the character of the platform now," said Mr. Ellis, "but I believe that it will satisfy the people, as it covers features in popular demand at this time."

General Ellis said that he had consulted President Roosevelt and Secretary Taft concerning the general details of the platform and that it had met with their endorsement.

"The document," he said, "needs rounding out and may admit of some minor changes, but in the main I believe it will stand as now drawn."

With more than a majority of the contests filed before the national Republican committee wiped off the books and with Taft delegates to the number of 594 already accredited to the convention, interest in today's development in the Republican national committee centered in the make up of the convention committees and the declaration which will be contained in the platform of the party. The national committee still had 23 contests, involving 94 seats, to consider, but strenuous efforts were made to rush this work.

One of the side issues of the convention which is liable to attract considerable attention is the coming conference of union labor leaders which is scheduled to begin as soon as Samuel Gompers, president of the American Federation of Labor, arrives. The conference will devote considerable time to a consideration of the methods by which the Republican convention may be induced to insert an "anti-injunction" plank in its platform. Seth Low of New York, president of the Civic Federation and a delegate-at-large from New York, may take part in the conference, this suggestion being strengthened by the fact that Ralph Basley of New York, secretary of the Civic Federation, is already here and frankly avows that he comes to attend the labor conference.

With the national contests receding in interest, the politicians are beginning to take notice of the sectional struggles for places on the national committee. Last evening the Illinois and Ohio affairs held the center of the stage, the former giving evidence of developing into a sharp contest, while the latter was largely dominated by gossip. It is asserted that A. L. Vorvay is to succeed Myron T. Herzick as the member from Ohio, but neither of these gentlemen would discuss the report.

The Illinois contest is between Frank O. Lowden, congressman and present member, and Frederick W. Upham, who has been the chief worker in arranging for the convention and in raising funds for Chicago's part in entertaining the delegation.

Preparations are well under way for the reception of the "real boomers" of the various candidates for places on the ticket. The Knox managers have announced that hundreds of strong-voiced "shouters" will be here and the "fairbanks" "rooters" will include George Ade, who is said to have evolved a number of original ideas for claiming attention to the presence of the Hoosiers in this city. The Foraker, LaFollette and Hughes camps are also preparing to turn out en masse, but their plans for making the welkin ring have thus far been kept more or less secret.

500 SALOONS CLOSED BY OREGON ELECTIONS.

Twenty-One of The Thirty-Three Counties Are Now Dry.

Portland, Ore., June 12.—As the result of the local option elections held in Oregon this month, county prohibition will prevail in twenty-one of the thirty-three counties after July. There are from four to sixteen dry precincts in each of the other twelve counties, so that there is not a county in the state in which there is not some dry territory.

A total of 237 saloons were put out of business in the thirteen counties that were carried for prohibition June 1, and this number is increased to 270 by the addition of the saloons that have been removed by the precinct elections in other counties.

Although nearly 500 saloons have been closed in the state since the local option law was enacted.

It is believed the boy will be under supervision of the school officials, but will be cared for at a home in Hartford provided by the Sunshine society.

EDWARD LEAVES THE CZAR

He Concludes the Meeting at Reval

Reval, June 12.—The British royal yacht, accompanied by their escort of warships, sailed at 3 o'clock yesterday morning on their return to England.

At dinner Wednesday evening, the czar announced the appointment of King Edward to the rank of admiral in the Russian navy. The king before his departure had a long talk with Prime Minister Stolypin.

London, June 12.—The St. Petersburg correspondent of the Central News says that it is persistently reported in the lobbies of the Duma that King Edward and the czar signed at Reval a treaty of the highest importance. Its nature is no disclosed.

DOESN'T WELCOME ALLIANCE.

The Kaiser on the Anglo-Russian Rapprochement.

St. Petersburg, June 12.—It was learned here yesterday from a competent source that the recent meeting between King Edward and Emperor Nicholas at Reval and the rapprochement between Great Britain, Russia and France has been made the subject of grave representations on the part of Germany, who has met the threatened birth of a new "triple alliance" with a display of the "militarist" fist.

"The fact that public sentiment can set aside law does not excuse an executive for doing the same," he said. "No officer should support any law other than the law he is pledged before Almighty God to support. I believe that the law should be obeyed exactly."

Touching on national colonial policy, he said:

"I believe that no form of government should be imposed on our colonies that we would not endure ourselves. The struggle for liberty knows no defects. On freedom's battlefields all engagements are victories."

"From the beginning government in America meant to all practical purposes self-government. Since the declaration of independence was written, over 100 constitutions, state and federal, have been framed and adopted on American soil, and every one inspired by and resting on the sentiments and principles enunciated in that document."

STEAMER GOLDSBORO SEIZED.

\$200,000 Grain Fire.

Chicago, June 12.—In a spectacular fire which destroyed the great grain elevator of the Tri-State Grain company at Hammond, Ind., last night, 250,000 bushels of corn were destroyed and property valued at \$200,000, including the corn, was burned. The fire was caused by a hot box on a small wheel on a grain belt which was being used to hoist grain into the elevator.

FOUGHT TO RETAIN FORMULA WHICH HAS MADE A FORTUNE

L. T. Cooper, the man who believes that 30 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day.

While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over three years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because, it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

"I cannot say too much for this wonderful remedy, for it has made me well."

We sell the Cooper medicine and consider them well as they are by any one afflicted with stomach trouble and its attendant ailments. —C. H. Kendrick & Co.
